

Homelessness Partnering Strategy Community Plan Annex C: Priorities (2011–2014)

Community:

Red Deer

Priority Number:

1

Instructions:

Please create one document for each of your 2011-2014 Community Plan priorities.

- To create a document, open the template. Each time you open the Community Plan Priorities template, the computer will create a new document.
- Save the document. The computer will prompt you to give it a name.
- Please name your document using the name of the community and the priority number (e.g. Winnipeg_1.doc).
- Please number your priorities sequentially (e.g. 1, 2, 3, etc.). This number is to facilitate on-going tracking and coordination, not to demonstrate the order of importance.
- Please include this number in the box on page one of each of your Community Plan Priorities (2011-2014) documents.

Please refer to the Reference Guide for further information.

Note: The Reference Guide includes examples for each section of this template.

1. What are your Community Plan Priorities?

P-1: Priority

a. Statement of Priority

(maximum 255 characters)

A support service that a) assists individuals in retaining their housing and b) provides support for individuals who have recently lost their housing to regain appropriate housing.

b. Related Issue(s)

Which issue (or issues) from Section 5a. of **Annex B: Community Plan** does this priority address? Please note the issue number(s).

#1-Assisting individuals who are at risk of homelessness

P-2: Rationale

Why is this a priority for your community? If the priority was identified in another related plan or planning process, please explain (maximum 1,500 characters).

Community agencies receive calls from landlords, friends or family members about individuals/families who are at risk of losing their housing. Calls are also directly received from the individual/family. In the past, a HPS grant did support a project (Coordinated Community Outreach Team (CCOT)) that worked with individuals and families. In order to support a project for Youth, the CHAB moved this project under a Province of Alberta Grant. While, the CCOT project still offers some support to individuals and families that are at risk of homelessness, the need is greater than the capacity. Another project titled "The Road Home" is currently being funded through a HPS grant. This project's target clients are families with children under the age of 6. Again the need is greater than the capacity.

The individual/family is identified through an early warning system. An assessment tool prioritizing those most at risk of cycling into homelessness will be utilized. The individual/family will be provided support through a case management/service plan approach within this intervention program. Resources to assist with short term rent/mortgage/utilities, moving costs, cleaning and repairs would be available for those individuals engaged in the program through the service plan.

2. What will you Achieve?

Instructions

Under "What will you achieve?" you will:

1. Identify the objective you plan to achieve by implementing this priority
2. Identify the HPS Activity Area(s) related to this priority
3. Identify the target group(s) served by the priority (if applicable)
4. Indicate how you will measure your achievements according to the HPS Outcomes
5. Include your own outcome indicators (optional)

Please refer to the Reference Guide for more information.

Steps

1. In section P-3, identify the objective you plan to achieve by March 31, 2014
2. In section P-4, identify the Activity Area(s) that relates to your priority
3. Complete sections P-5, P-6 and/or P-7. **Important Note:** you only need to complete the section(s) related to the Activity Area(s) you identified in section P-4
4. Optional: Identify other outcomes in section P-8

P-3: Objective

What is the specific, measurable objective you plan to achieve by **March 31, 2014** by implementing this priority? You may include up to three objectives if needed (maximum 500 characters).

1. Through the intervention service, individuals/families retain their housing and/or are relocated into another appropriate housing unit.
2. An assessment tool that prioritizes those most at risk of cycling into homelessness will have been developed/approved by service providers and then utilized as an entry tool into the program.
3.

P-4: HPS Activity Area

Please click on the box beside the HPS Activity Area(s) related to your priority. Note that the activities eligible for funding have changed with the renewal of the Homelessness Partnering Strategy.
